

David V. Heald, President and Chief Executive Officer commented, "We are pleased with the community's continued choice in banking services as represented by our fourth consecutive year of double-digit percentage growth in deposits, loans, and assets, the foundation of our solid balance sheet. This positive momentum was spurred by many factors including the Bank's hiring of key business development personnel, the positioning of branches and a dedicated business lending office, its unique branding emphasizing local banking, and its positive reputation as a leading lender."

"This month we celebrate our fifth anniversary and our successful opening in Aptos of a fifth full service banking office. Our increased footprint within the County provides us the ability to attract new business and further grow our balance sheet while providing more convenient access for our clients. We have continually positioned ourselves at opportune times in order to take advantage of significant changes in the banking landscape in our market area."

"In the year ahead, we will continue to be proactive in seeking opportunities while being mindful of the impacts of current economic conditions on our customers, shareholders, and community."
